A. B. DAUBER, Councilman from First Ward, holds over until April 1912.

HENRY NEAFUS, Councilman from Third Ward, holds over until April 1912.

EARL GEORGE, City Treasurer, Candidate for re-election, Citizens' Ticket.

These men are Tucumcarians. They have been identified with her every interest. Nobody will gainsay that statement. They were for Tucumcari when she was a village struggling for existence. They have been the ballast in the storms that have buffeted her industrial gates; they have been her staunch defenders. They helped build her business blocks, her churches, her schools, her railroads, her sewerage, and all her public improvements. They are still standing her undisputed defenders. The four aldermen among these officials

hold office yet for two years. In this the city is fortunate. The men nominated by the citizens' mass meeting held at the Court House to go on the council with them, include J. A. Street, the present Mayor for re-election, Earl George, city Treasurer and James R. Daughtry, present clerk and Messrs. Conwell, Baca, Rutherford and Parish.

M. E. Parish of No. 2, is a live wire, and capable of everything that the city may expect of him. His election will almost be unanimous. The ward is for Parish.

REED HOLLAMAN, City Attorney

J. R. DAUGHTRY, City Clerk, Candidate for re-election, Citizens' Ticket.

James R. Daughtry, the present incumbent as city clerk has no opposition and shouldn't have. He is in sympathy with the city administration and enjoys the confidence of all the people.

GEO. W. EVANS, JR., Councilman from Fourth Ward, holds over to April 1912.

Mr. Wertheim is well known to the people of Tucumcari and Quay county, and since coming to the city has built up a nice trade by his honest methods and square dealing. No doubt he will continue to receive a good share of the patronage of the city.

On account of the mass meeting to be held at the Presbyterian church tomorrow evening, there will be no evening services held at the M. E. Church of this city. Preaching at 11 A. M. Sunday school as usual at 9:45 A. M.

### CAMPAIGN LIE NAILED

The report has been circulated, for the purpose of prejudicing the voters, that the Independent ticket is a prohibition ticket, and that its election means that the "lid" will be put on the town.

We hereby state over our signatures that the saloon question is not an issue in this campaign. We are not fighting the saloons. We simply stand for law and order and honest business conduct of the city government.

Any reports that have gone out that we are fighting the saloons are false and without foundation.

Signed,

JAS. A. YOUREE

Candidate for Mayor on Independent Ticket

C. H. RANKIN

JOS. ISRAEL

A. B. SIMPSON

B. F. KAGLEY

Candidates for Aldermen

This dodger is being circulated by the supporters of the Independent ticket, at, seeking to deprive the city government. Is it subterfuge or not?

Here is the question, gentlemen. Does the Independent ticket offer us anything that we do not already possess. If they claim issue and are going to trial on a single sentence. "We simply stand for law and order and honest business conduct of the city government," while this is an implied charge that the present city administration does not meet this stipulation, where are the pleadings, the burden of proof is certainly upon the prosecution. Have they any case, are they in court? If the city government does not stand for law and honest business conduct, wherein they are at fault, the people should city government and not that the people in

facturing a count in order to condemn it as a false charge. The Citizens' Ticket has certainly not been guilty of inducing into the campaign the "lid," prohibition or the saloons. It is going before the people on the record the city administration has made as build, and not as fault finders. They are progressive, they have been foremost in public improvements. They have stood for blocks of cement, inspection of meats and milk, schools sewerage, railroads, for tree planting and the cleanliness and growth of a modern city.

Now if law and order and the honest conduct of the city business is the only issue, the city administration and the Citizens' Ticket can easily meet their every requirement in the future as they have in the past, so why not the Independent Ticket and its supporters and everybody come along and make it unanimous for the city administration and for Tucumcari, and we will have a town here in a year or two longer that will be reaching out for more railroads, manufactures and all sorts of enterprises that go to build a city and a

C. J. K. MOORE, City Physician

In Clint Rutherford we have a representative man from No. 4. He is the exclusive Saddle and Harness man of this city. He was among the first to cast his lot with Tucumcari and Quay county. He improved and patented a farm near the city before engaging in his business that was taught him at home in Clarendon, Texas, when he was a boy. Clint didn't have to acquire his love for his adopted city, he is a natural born booster, and is a walking advertisement for Tucumcari, he is with the city in everything that tends to make it bigger and better, and will always be found making a noise at the right time. No. 4, is for Rutherford.

James Conwell of the Elk Drug Store is the Citizens' Ticket candidate from the east ward, No. 3, and the News believes the strongest man that could have been selected in it. Conwell makes good everywhere. He showed his shrewd business judgment in the cattle business in his native state, Kansas, before locating and entering business in this city. His idea of progression naturally placed him with the progress in element, and hence his selection as a representative of the Citizens Ticket from No. 3.

Benito Baca, candidate on the Citizens' Ticket for Ward No. 1, is a member of the firm of Gross Kelly & Co., of this city, and has been with that company for sixteen years, which is certainly argument for his business judgment and unquestionable integrity. He came to Tucumcari with the founding of the Gross, Kelly store here and is one of its most active members. He is always for progress and was one of the strongest advocates of a sanitary sewer for this city. He can work in harmony with the city government in every particular. He is young and active and always doing something. The people of his ward are for him. He will make a good councilman.

Now in conclusion let the people who believe in the things these men represent get action and help to put them where they belong, and our city's prosperity is assured. There will be no going back, but on the other hand a perceptible movement forward. The Candidates on the Citizens' Ticket will be in harmony with the aldermen who hold over for two years longer; they should be elected.

Earl George, the cashier of the First National Bank, is one of Tucumcari's well known business men. He was born in Washington, Texas, in 1881 and educated in the public schools. He took a business course at Waco, and at the age of 18 he became a rodmán and recorder of the U. S. Surveying corps. He then accepted a position in the Channing Mercantile and Banking Company of Dalhart, Texas. Later he became the book keeper of the bank at Dalhart, a position he resigned to accept the management of the Foxworth-Galbraith Lumber Company of Tucumcari.

He was made assistant cashier of the First National Bank in 1905 and the following year he was elected cashier. He was married the same year to Miss Grace Anderson of this city. He is the present city treasurer and there is not a fault in his management of this office. He is a capable, dependable and a thorough accountant, and the city's funds are as safe in his hands as it is possible to make them. He should be elected and will be.

J. A. STREET, Mayor City, Candidate for re-election, Citizens' Ticket.

Street, the present Mayor, was one of the founders of the city. He is interested in the original townsite, and has always been more for Tucumcari than himself. He has represented her interests in the days and in the night-time. There is not a stain on his record, his integrity is universally recognized, his capabilities as a public servant are unquestioned; he is the man of this city who has always been selected to carry the "Message to Garcia," and has unfalteringly delivered the "Message" to the people. Will they desert him now, no; Tuesday's election will show creation.
